

Gear Up For Safety!

Pedestrian Safety

1. Make sure children younger than 10 cross the street with an adult.
2. Teach children to cross the street at a corner.
3. Make sure children use crosswalks whenever possible and obey traffic signals.
4. Teach children to look left, right and left again when crossing a street and to continue looking for cars as they cross.
5. Teach children to make eye contact with drivers before crossing in front of them.
6. Dress children in clothing with reflective materials and teach them to carry a flashlight when it's dark or dim outside.
